Johansson N. & Cederberg B. 2019. Review of the Swedish species of *Ophion* (Hymenoptera: Ichneumonidae: Ophioninae), with the description of 18 new species and an illustrated key to Swedish species – Corrigendum. *European Journal of Taxonomy* 560: 1–3. <https://doi.org/10.5852/ejt.2019.560>

The present corrigendum corrects errors that occurred in the ‘Abstract’, ‘Table of contents’ and on several other pages in Johansson & Cederberg (2019). The species name on page 106 also needs to be emended.

Page 1, in ‘Abstract’, lines 13–14:

“*Ophion slaviceki* Kriechbaumer, 1892 is excluded from synonymy with *Ophion luteus* Linnaeus, 1758 stat. rev.”

should read:

“*Ophion slaviceki* Kriechbaumer, 1892 stat. rev. is excluded from synonymy with *Ophion luteus* Linnaeus, 1758.”

Page 1, in ‘Abstract’, line 18:

“*Ophion albistylus* Szépligeti, 1905 (syn. nov.) is synonymized with *Ophion pteridis* Kriechbaumer, 1879 and *Ophion frontalis* Strobl, 1904 (syn. nov.) is synonymized with *Ophion areolaris* Brauns, 1889 syn. nov.”

should read:

“*Ophion albistylus* Szépligeti, 1905 syn. nov. is synonymized with *Ophion pteridis* Kriechbaumer, 1879 and *Ophion frontalis* Strobl, 1904 syn. nov. is synonymized with *Ophion areolaris* Brauns, 1889.”

Page 2, in ‘Table of contents’:

“*Ophion luteus* (Linnaeus, 1758) stat. rev.”

should read:

“*Ophion luteus* (Linnaeus, 1758)”

Page 43, ‘Remarks’ for *Ophion areolaris*, lines 5–6:

“*Ophion frontalis* Strobl, 1904 is therefore to be regarded as a junior synonym of *Ophion areolaris* Brauns, 1889 syn. nov.”

should read:

“*Ophion frontalis* Strobl, 1904 syn. nov. is therefore to be regarded as a junior synonym of *Ophion areolaris* Brauns, 1889.”

Page 76, heading:

“*Ophion luteus* (Linnaeus, 1758) stat. rev.”

should read:

“*Ophion luteus* (Linnaeus, 1758)”

Page 94, Remarks for *Ophion pteridis*, lines 6–8:

“The holotype of *Ophion albistylus* in NHMH was studied and this species is synonymous with *Ophion pteridis* syn. nov., a fact already noted by Scaramozzino by the labels attached to the specimen.”

should read:

“The holotype of *Ophion albistylus* in NHMH was studied and this species is found to be synonymous with *Ophion pteridis*, a fact already noted by Scaramozzino by the labels attached to the specimen.”

Page 104, Paratypes for *Ophion tenuicornis*, line 13:

“22–24 2017; R. Isaksson leg.”

should read:

“22–24 Sep. 2017; R. Isaksson leg.”

Page 104, Paratypes for *Ophion tenuicornis*, line 20:

“1 Aug.–28 Jul. 2016; B. Andersson leg.”

should read:

“28 Jul.–1 Aug. 2016; B. Andersson leg.”

Page 106, species name:

“*Ophion vardali*”

should read in the text and Figure captions:

*Ophion vardalae* Johansson, 2019 (emendation of name): this species was originally described as *Ophion vardali* Johansson, 2019 (in Johansson & Cederberg 2019). The ending in ‘i’, however, is incorrect and therefore the specific name is here corrected as *Ophion vardalae* Johansson, 2019 (in Johansson & Cederberg 2019), in compliance with article 31.1.2 of the ICZN (the ending in ‘ae’ is for a woman, ‘i’ for a man).

Page 121, in ‘The *Ophion obscuratus* aggregate’, second paragraph, last sentence:

“Based on this, *O. polyguttator* is excluded from synonymy with *O. obscuratus* stat. rev. and regarded as a nomen inquirendum.”

should read:

“Based on this, *O. polyguttator* stat. rev. is excluded from synonymy with *O. obscuratus* and regarded as a nomen inquirendum.”

Page 128, in ‘The *Ophion pteridis* aggregate’, second paragraph, lines 8–9:

“Studies of the type material show that *Ophion pteridis* (Fig. 52A–F) is the correct name for one of the two infusate species and that *Ophion albistylus* is a junior synonym of that species, syn. nov.”

should read:

“Studies of the type material show that *Ophion pteridis* (Fig. 52A–F) is the correct name for one of the two infusate species and that *Ophion albistylus* syn. nov. is a junior synonym of that species.”
